

# HOSPITAL INFORMATION

## MISSION

To care for our community's health and the well-being of those who care for them.

## VISION

To be the partner of choice for the healthcare needs of our community.

Ridgecrest Regional Hospital (RRH) has been providing healthcare to the community since 1945. It continues to be one of the largest employers in the community, second only to the Naval Air Weapons Station China Lake.

RRH was the first critical access hospital in the nation to receive ISO 9001: 2008 Certification from DNV Healthcare Inc. after successfully passing the quality management audit.

Employee count: ~800

## HIGHLIGHTS:

- Beautiful facility with state-of-the-art technology.
- Awarded ACR gold seal of accreditation in Mammography, CT, MRI and Nuclear Medicine, representing the highest level of image quality and patient safety
- As a Level IV trauma center, designated by Kern County Public Health, the Emergency Department provides stabilization and advanced trauma life support.
- Automated Breast Ultrasound imaging with Invenia™ ABUS technology, clinically proven to increase cancer detection by 35.7%.
